

Partner with the NPUAP Through our Corporate Advisory Council (CAC) or Provider Organization Council (POC)

Would Your Company Like to Be More Involved?

- Would you like to participate in vital public policy decisions that impact pressure ulcer care in this country?
- Do you think it's important to support cutting edge medical education and research in pressure ulcer prevention and management?
- Do you want to play a part in the discussions of the leading "Think Tank" on pressure ulcer care in the USA?

Consider Membership with NPUAP's CAC or POC

If you answered "yes" to any of these questions, then you should consider membership in the NPUAP's CAC or POC. Membership provides a great opportunity for industry leaders to participate in the activities of the NPUAP. Council members attend semi-annual meetings of the NPUAP Board and are encouraged to actively participate through membership in one of the three NPUAP Mission Committees: Education, Research or Public Policy. Members also receive additional benefits such as priority consideration when exhibiting at bi-annual conferences.

While Council members are not eligible to vote on formal business decisions before the Board, they do play a vital role in all activities and decisions of the organization, as well as provide vital financial support.

Let your voice be heard!

Contact the NPUAP office at jbank@npuap.org or 202-521-6789 or visit our website www.npuap.org for more information.
