

Join the NPUAP Provider Advisory Council

www.npuap.org

Would you and your company like to participate in vital public policy decisions that impact pressure ulcer care in this country? Do you think it's important to support cutting edge medical education and research in pressure ulcer prevention and management? Do you want to play a part in the discussions of the leading "Think Tank" on pressure ulcer care in the USA?

If you answered "yes" to any of these questions, then you and your company should consider membership in the NPUAP's Provider Advisory Council.

Membership in the Provider Advisory Council provides a great opportunity for companies to participate in the activities of the NPUAP. Council members attend semi-annual meetings of the NPUAP Board and are encouraged to actively participate in all discussions. Council members further participate through membership in one of three NPUAP Committees: Education, Research or Public Policy. Members also receive priority consideration when exhibiting at bi-annual conferences.

While Council members are not eligible to vote on formal business decisions before the Board, they do play a vital role in all activities and decisions of the organization, as well as provide vital financial support.

Sound interesting? Let your voice be heard! Contact the NPUAP office at 202-521-6789 or visit our website <http://www.npuap.org> for more information.
