NPUAP's Corporate Advisory Council (CAC) & Provider Organization Council (POC)

BENEFITS *of* MEMBERSHIP

Council membership provides a great opportunity for industry leaders to participate in NPUAP activities – and the benefits are priceless:

- Enhance your organization's status as a recognized leader and active participant in the prevention and treatment of pressure injuries
- Be a part of the discussion of the leading "think tank" on pressure injury care with leaders in the pressure injury community
 - Revision of staging definitions: CAC and POC members were part of the discussion and creation of the definitions, which was discussed at the April 2016 Consensus Conference.
- Participate in working groups, committees, or task forces related to education, research, marketing or public policy for pressure injury care
 - Council members participating in the **Research Committee** are involved in reviewing current research regarding prevention and treatment of pressure injuries to develop white papers and position statements for clinicians, educators and stakeholders; supporting pressure injury research through annual funding of mini grants; offering Poster Sessions at Biennial and Consensus Conferences and disseminating research abstracts in Advances in Wound Care; and disseminating State of the Science research articles on the NPUAP website.
 - Council members participating in the **Education Committee** are involved in the development of educational programs such as the Biennial Conference, Staging Consensus Conference and webinars.
 - Council members participating in the **Public Policy Committee** actively participate in discussions with other members on current policy, regulatory, and compliance key topics related pressure injuries, and also are presented with opportunities to be part of real time legislative and policy responses affecting the pressure injury environment.
- Support cutting edge medical education and research in pressure injury prevention and management
 - Deep Tissue Injury (DTI) Consensus Conference
 - The Avoidable/Unavoidable Pressure Ulcer Consensus Conference
- Participate in developing and/or publishing Board-approved white papers and research papers
- Logo to appear on scrolling section on NPUAP's website homepage (with other CAC/POC members logos)
- Logo to appear webinar announcement and web page. Company name to be listed at the beginning of each webinar (with other CAC/POC members)
- Up to two representatives from each company can attend the semi-annual Panel Meetings
 - Complimentary group dinner hosted by NPUAP
- Receive one complimentary attendance to NPUAP's Biennial conferences as well NPUAP's Consensus conferences
- Priority consideration and discounted fee for exhibitor space at applicable NPUAP events
- Receive discounts on NPUAP merchandise such as Guidelines, photos, slide sets and webinar recordings ■
